

Public Hearing: December 6, 2004

F A C T S H E E T

TITLE: Request for use of right-of-way for installation of eight (8) pole-mounted security cameras around the four square block Capitol site.

SPONSOR: Public Works and Utilities

OPPONENTS: Unknown

STAFF RECOMMENDATION: Approval

OTHER DEPARTMENTS AFFECTED:

APPLICANT: State of Nebraska

REASON FOR LEGISLATION: Request for use of right-of-way for installation of eight (8) pole-mounted security cameras around the four square block of the Nebraska State Capitol Building site.

D I S C U S S I O N

The Public Works and Utilities Department has received a request for a use of public right-of-way for the installation of eight (8) pole-mounted security cameras around the four block Capitol site. This action would provide site perimeter security for the Nebraska State Capitol Building.

The Public Works and Utilities Department recommends approval of this request with the following conditions. The contractor will contact Diggers Hotline of Nebraska prior to commencing construction activities, the applicant and its contractor will work with the City of Lincoln Parks Department to minimize conflicts with existing street trees, and the poles will be located no closer than 6 feet behind the curb line and outside of the sidewalk. The Lincoln Water Department recommends potholing of water mains where the conduit crosses. Water main elevations are unknown at these locations. Public Works recommends that the State of Nebraska join the One Call service or contract with a locator company to respond to requests in this area for future locates.

POLICY OR PROGRAM CHANGE: No
